### FISCAL POLICY STRATEGY STATEMENT

{See Rule 4 (1)}

#### FISCAL POLICY OVERVIEW -

State Government have undertaken a number of Fiscal correction measures including expenditure rationalization and revenue generation measures so as to improve the fiscal situation of the State in recent years. As a result, the Financial year 2005-06 ended with Revenue surplus of Rs.418.19 crore. The improved scenario has been sustained in the next Financial year 2006-07 with Revenue Surplus of Rs.2260.60 crore and Fiscal Surplus of Rs.823.18crore. The State's Own Tax and Non Tax Revenue have increased substantially. This has helped the State to increase Plan expenditure especially on Capital Account. The improved Fiscal scenario can be judged from the following indicators:

- (i) State's **Own Tax Revenue** as percentage of GDP has increased from 3.97% in 1999-2000 to 6.37% in 2005-06 and 6.65% in 2006-07.
- (ii) The **Revenue Deficit** which was Rs.2574.19 crore in 1999-2000 has been eliminated in 2005-06. The Revenue Surplus in 2005-06 and 2006-07 have been (+) Rs.481.19 crore and (+) Rs.2260.60crore respectively. As percentage of GDP, the deficit of 6.05% in 1999-2000 was eliminated in 2005-06 and Revenue Surplus of (+) 0.61% and (+) 2.48% of GDP were generated in 2005-06 and 2006-07 respectively.
- (iii) The **Fiscal Deficit**, which was Rs.3836.44 crore in 1999-2000 has been eliminated, and Fiscal Surplus of (+) Rs.823.18crore was generated in 2006-07. As percentage of GDP, the Fiscal Deficit which was 8.94% in 1999-2000 has been converted to a Surplus of (+)0.90% in 2006-07.
- (iv) The **Debt stock**, which was 329% of total revenue in 2002-03, has been reduced to 258.9% in 2005-06 and 206.6% in 2006-07. The Debt Stock as percentage of GDP has been reduced from 55.36% in 2002-03 to 40.87% in 2006-07.
- (v) Similarly, **Interest payment** as percentage of revenue receipt has already been reduced from 40.2% in 2001-02 to 26.2% in 2005-06 and 17.7% in 2006-07.

2. The GDP growth for the State in 2006-07 was 16.06%. Comparative figures of sectoral growths during the year 2006-07(Q) and 2007-08(A) is given in the Table below.

<i>(Rs. in Crore)</i>					
Description	2003-04	2004-05	2005-06	2006-07(Q.E.)	2007-08(A.E.)
GSDP at Current Prices	61423	71428	78536	91151	103304
<i>Rate of Growth</i>	<i>22.30%</i>	<i>16.29%</i>	<i>9.95%</i>	<i>16.06%</i>	<i>13.33%</i>
GSDP at Constant Prices	51675	58192	61887	67676	73542
<i>Rate of Growth</i>	<i>14.71%</i>	<i>12.61%</i>	<i>6.35%</i>	<i>9.35%</i>	<i>8.67%</i>

It can be seen from the Tables above that the variation in the real growth rate of GSDP from 2003-04 to 2007-08 (Advance Estimates) is in the range of 6.35% to 14.71%. Similarly, the nominal growth rate of GSDP varies from 9.95% to 22.30%. The average growth rate of GSDP in constant prices from 2003-04 to 2007-08 (AE) is 10.34% and the annual average growth rate of GSDP at Current Prices is 15.59% during the same period. The attempt has been to maintain the high growth rate through increased and efficient investment in public sector as well as creating a climate for larger flow of private investments to the State.

### **PROSPECTS OF THE STATE'S ECONOMY AND RELATED FISCAL STRATEGY**

During the past 5 years (i.e. from 2003-04 to 2007-08(A)), it is observed that, there has been substantial growth of the State's economy. In the era of globalisation, where the national economy is showing robust growth, the state of Orissa has not lagged behind. However, Orissa is still treated as an underdeveloped State because a variety of Socio-Economic indicators of the State are below National Average and there is need and scope for maintaining the high growth trajectory in future to catch up with the National trend. In higher economic growth scenario, it is obvious that there will be increase in contribution of sectors other than Agriculture & Allied sector to State's economy. The contribution of Agriculture & Allied sector to the GSDP has come down from 29.39% in 2003-04 to 22.97% in 2007-08 (A). There has been a steady increase in sectoral contribution of Mining & Quarrying sector to GSDP, which has increased from 7.00% in 2003-04 to 7.61% in 2007-08 (A). Contribution of Transport & Communication sector to GSDP has increased from 7.73% in 2003-04 to 8.78% in 2007-08 (A). The Finance and Insurance sector's contribution to GSDP, which was 10.32% in 2003-04 has been 8.86% in 2007-08 (A). For maintaining high growth rate of economy, it is necessary that secondary and tertiary sector should be given more emphasis and these sectors should contribute more to economy. This trend is perceptible in the increased share of these sectors over the years in the composition of State's GSDP. In view of rapid industrialisation, utilisation of mineral resources in the state and the fast growing service sector, the state's economy is expected to grow @8% per annum in real terms during the Eleventh Plan period. Moreover, the growth is to be inclusive yielding broad based benefits and equality of opportunity for all. To achieve moderate to high growth of economy, the State proposes to follow Fiscal Strategy mentioned below:

- Increase in Capital Investment for development of infrastructure.
- Increase in Plan Expenditure.
- Increase in Social & Education Sector Expenditure.
- Rationalisation of Salary Expenditure.
- Rationalisation of other Revenue Expenditure.
- An enabling environment for attracting investment in Manufacturing & Services Sector.
- Public- Private partnership in infrastructure Development.

## FISCAL POLICY FOR THE YEAR, 2008-09 -

### 3. Tax Policy –

- Simplification and rationalization.
- Modernisation of Tax Administration with IT intervention.
- Strengthening the enforcement.
- Stress on Arrear Collection and timely compliance to the observations of Audit in the Report of C&AG (RR) for taking preventive action etc.

#### (i) VAT: -

VAT was introduced from 1<sup>st</sup> April 2005. Since this is a destination and multi-point tax there is potential for growth of revenue if well administered. It would also result in a single market through out India and put an end to tax war among the states to attract investment. Consistently high growth rate has raised performance bar. During the current year, the high growth rate has been stalled mainly due to high base and claim of Input Tax Credit. To maintain a reasonable high growth rate following measures have been taken:

- Input Tax Credit has been limited to the extent of Output Tax payable. This will curb the tax schemers who report less sale price than the purchase price.
- The prescribed limit for voluntary registration under VAT Act would be done away with to facilitate registration without any business turnover.
- Stringent penal measures to curb fake and forged tax invoices.
- Provisions for furnishing closing stock at the year end to examine the correctness of purchase and sale turnover furnished in the return.

#### (ii) Entertainment Tax Act

It is proposed to bring the DTH- Broadcasting Service providers under the purview of Entertainment Tax Act. A formal amendment proposal has been submitted and draft bill has been prepared to be laid before the Assembly.

#### (iii) Central Sales Tax (O) Rules, 1957

The Central Sales Tax (O) Rules, 1957 has been amended w.e.f. 6<sup>th</sup> July, 2006 to make it VAT compatible. As announced in the budget speech of Union Finance Minister on 28.02.2007, the rate of Central Sale Tax will be reduced from 4% to 3% w.e.f. 01.04.2007. The rate is likely to further come down to 2% w.e.f. 01.04.2008. The revenue yield from this Tax will go down and have impact on the tax revenues of the State Government.

#### (iv) Luxury Tax

The Luxury Tax Act, 1995 is inoperative after the judgement dt.20.01.2005 of Hon'ble Supreme Court in the matter of Godfray Phillips India Ltd. & another –Vrs State of U.P. & others.

#### (v) Entry Tax

The pending litigation relating to the vires of the Entry Tax Legislation limits the scope for anticipating higher receipt towards Entry Tax. This is a serious risk factor for this important and buoyant source of Tax revenue.

#### (vi) New Excise Policy

- License fee for Breweries, Distilleries & Bottling units in new Excise Policy, 2007-08 have been enhanced as compared to license fee fixed in Excise Policy, 2006-07.
- A new concept of collection of fee of Rs.10,000/- on Gudakhu and similar small scale purchases has been introduced.
- Excise duty on IMFL/ Beer, Bhang has been increased.
- Lebel Registration fee has been enhanced.
- License fee for Wholesale Distribution, IMLF 'ON' shops, IMLF 'ON' clubs, Beer parlour, Military Canteen is increased in new Excise Policy, 2007-08.

#### 4. Growth of Tax

There has been impressive growth rate in state's own revenue from 1999-2000 as result, state's own tax/GSDP ratio has increased from 3.97% in 1999-2000 to 6.65% in 2006-07. This is evident from the following table.

(Rs in Crore)

#### 5. Expenditure Policy –

- Rationalisation of expenditure to contain the rise in salary expenditure, interest payment, pension payment
- Restructuring of the PSU/ Corporations / Cooperatives
- Increase in Plan Expenditure.
- Enhancing the Capital content of all sectors of Expenditure.
- Reduction of Debt servicing liabilities through swapping and Buying back the high cost loan, reducing the net borrowing accessing to the low cost and concessional borrowing from internal funding agencies through Government of India.

The Expenditure on salary, pension and interest payment alone constituted 74.30% of Non Plan Revenue Expenditure and 68.72% of total Revenue Expenditure in 1999-2000. Further, salary expenditure as percentage of Revenue expenditure net of Interest and pension payment was as high as 58.28% in 1999-2000 as compared to the desired level of 35% as recommended by Twelfth Finance Commission. It has been reduced to 40.33% in 2006-07, which is still much higher than the desired level. Hence, reform measures in expenditure include various steps to contain the rise in these items.

- Freeze on fresh recruitments excepting in Primary Health, Primary Education and Striking Police Force w.e.f.14.3.2001.
- Self-financing courses have been introduced in educational and technical institutions.
- Introduction of Voluntary Retirement Scheme (VRS) for State Government employees' w.e.f.27.1.2003.
- Surrender Leave encashment have been withdrawn w.e.f.1.4.2002.
- Non-practicing allowance for doctors has been abolished w.e.f.1.11.2003.
- Government have so far abolished 44,704 numbers of base level vacant posts in all categories i.e. Group-A, B, C and D which includes abolition of 3,878 numbers of base level vacant posts in aided educational institutions, Universities, and other grant-in-aid institutions by the end of December, 2007. However, in some cases to discharge Statutory law & order and security related functions, regular appointment is being permitted.
- To carry on essential functions of Government, wherever there is necessity, engagements are being made on short-term contract and consolidated remuneration basis in order to reduce salary expenditure.
- Defined Contributory Pension Scheme w.e.f. 1.1.2005 for the new recruits.

## 6. Government Borrowings, Lendings and Investments -

- (i) The single most problem affecting the state's finances is Debt burden. We had the highest Debt- GSDP ratio of 55.36% as on 31.3.2003 (62.65% of Old GSDP of Rs.44372 crore) compared to all states average of 34.21% worked out by the Finance Commission. As on 31.3.2007, this Debt-GSDP ratio for Orissa is 40.87%. The Twelfth Finance Commission in para-4.45 of its report has recommended that this Debt-GSDP ratio should be brought down to 28% of GSDP.
- (ii) The ratio of interest payment to Revenue receipt should be brought down to 15% as per recommendation of the Twelfth Finance Commission. In case of Orissa, this ratio is 17.7% in 2006-07.

We have been consistently trying to bring down the Debt – GSDP ratio and by the end of 2005-06 it stands at 40.87%. The net addition to the Debt Stock has been reduced from Rs.3350 crores in 1999-2000 to Rs.793.06 crore in 2006-07. As a result of Debt swap and other fiscal restructuring measures, there has been improvement in debt management, which would be evident from the following table.

(Rs in Crore)

Year	GSDP at current price	Revenue Receipt	Net Debt incurred during the year	Total Debt stock at the year end	Payment of Interest	Debt stock as % of GSDP	Debt stock as % of Revenue Receipt	Interest payment as % of Revenue Receipt	Revenue Deficit as % of Net loan incurred

The policy of the State Government has been to reduce the net borrowing on year-to-year basis and reduce the burden of interest payment through prepayment of high cost Market borrowing and also through swapping the high cost borrowing. Accordingly, during the years from 2002-03 to 2004-05, swapping of debt amounting to Rs.2543.62 crore have been done which resulted in interest relief of Rs.144.47 crore as detailed in the following table. During the year 2006-07, high cost market borrowing amounting to Rs.394.61 crore has been prepaid. During the year 2007-08, the State Government have made prepayment of high cost NSSF loan amounting to Rs.199.72crore on 12th February, 2008 and is in the process of Buy-Back of High cost market borrowing for which a provision of Rs.700.00crore is made.

### Year wise Debt Swapping

(Rs. in crore)

Year	Amount of Debt Swap	Interest Relief
2002-03	474.56	33.11
2003-04	863.79	61.87
2004-05	1205.27	49.49
2006-07	394.61	-
2007-08	Rs.199.72 crore of NSSF loan + in the process of Buy-back of high cost market borrowing of Rs.700.00 crore	-

Further State Government is also trying to augment resources, contain the revenue expenditure, so that it will be easier to get the benefit of debt write off recommended by the Twelfth Finance Commission. By this, the State Government does not take recourse to borrowing for discharging the repayment liability. Besides, the debt write-off is also accounted for as a revenue receipt which helps in improving the deficit indicators. State Government have already got the benefit of debt write off of Rs.381.90 crore each in 2005-06 and 2006-07 based on the fiscal performance of 2004-05 & 2005-06 respectively and now is eligible to get Rs.381.90crore during 2007-08 on the basis of performance in 2006-07.

#### 7. Other Liabilities -

Policy of the State Government is to reduce the guarantee liabilities. Accordingly Government has taken steps to reduce contingent liabilities arising out of State Government guarantees. The results of these measures reveal that Government has maintained the ratios well within the sustainable limit. The **guarantee outstanding** as a percentage of **Revenue Receipt less of grant-in-aid** in the second preceding year has been reduced from 127.33% in 2001-02 to 45.26% in 2005-06 to 27.87% in 2006-07 and to 19.00% in 2007-08(as on 31.12.2007). The following table indicates the position.

(Rs. in Crore)

Year	Guarantee outstanding at the end of the year	Revenue Receipt less Grant-in-Aid for the 2 <sup>nd</sup> preceding year	Guarantee outstanding as percentage of Revenue Receipt	GSDP at Current Prices	Guarantee as % of GSDP

In the past, because of the default in paying the principal and interest by the organizations availing loan under State Government Guarantee, Financial institutions were not willing to invest in the State Government Development Bond (Market borrowing). State Government have taken a number of steps to enhance the credibility of the State finances in the financial market. One such measure is discharging the State Government Guarantees through one time settlement (OTS). So far State Government and various PSUs, Co-operatives have paid Rs.597.80 Cr. under one time settlement (OTS) schemes to discharge guarantee liabilities arising out of the default of the loanee organisations. Sector-wise OTS by Government for last eight years is indicated in the following table.

**(ii) Swapping of high-cost loan**

Swapping of high cost loan of Rs.2543.62 crore during 2002-03 and 2004-05 has yielded interest saving of around Rs.145.00 crore.

**(iii) Prepayment/ Buyback of high cost market borrowing**

The total market borrowing as on 31.3.2007 is of the order of Rs.5300.00 crore out of which the high cost market borrowing carrying rate of interest 10% and above is Rs. 3115.00 crore.

Up to 31.12.2007, Rs. 480.00 crore has been credited to the Guarantee redemption Fund and Rs.70.00 crore is proposed for the year 2008-09.

In the mean time State Government have also discharged guaranteed liabilities for Rs.597.80 crore through One Time Settlement. This has enhanced the credibility of the State Government in the financial institutions.

The State Government are often required to provide guarantees for borrowings from institutional finances by public sector undertakings/ Co-operative Institutions/Urban Local Bodies and State-owned Companies etc to carry out approved developmental works and to meet the working capital requirement etc. It may be noted that the guarantees do not form a part of the debt burden as conventionally measured, but in the event of default by borrowing organizations, the State Government have to repay the debt as guarantor.

In pursuance of the recommendations of the Technical Committee of Finance Secretaries, the State Government have fixed administrative ceiling on guarantees during 2002-03 to regulate the guarantee vide F.D Resolution No. 52214/F dated 12.11.2002 which stipulates as under: -

“The total outstanding government guarantees as on 1<sup>st</sup> day of April every year shall not exceed 100 per cent of the state Revenue receipts of the second preceding year as reflected in the books of accounts maintained by the Accountant General. Attempt should be made to bring this gradually to the level of 80 percent over next five years.”

The outstanding guarantee as percentage of revenue receipt net of grant-in-aid has been reduced from 127.3% in 2001-02 to 19.00% as on 31.12.2007.

In the meantime the guidelines for issue of guarantee have been amended vide Finance Department Resolution No.46546 dated 14.11.06 where it has been stipulated that in future government guarantee, if issued would cover the principal only and accordingly the guarantee format has been revised.

• **B. Assumptions underlying the Fiscal Indicators –**

**Assumption on Gross State Domestic Product:**

The variation in the real growth rate of GSDP from 2000-01 to 2007-08 (Advance Estimates) in the range of (-)1.14% to 14.71%. Similarly, the nominal growth rate of GSDP varies from 1.36% to 22.30%. The average growth rate of GSDP in constant prices from 2000-01 to 2007-08 (AE) is 7.09% and the annual average growth rate of GSDP at Current Prices is 11.78% during the same period. The following Table shows the GSDP figures and growth rate over the previous year.

(Rs. in Crore)

Description	2003-04	2004-05	2005-06	2006-07(Q.E.)	2007-08(A.E.)
GSDP at Current Prices	61423	71428	78536	91151	103304
<i>Rate of Growth</i>	22.30%	16.29%	9.95%	16.06%	13.33%
GSDP at Constant Prices	51675	58192	61887	67676	73542
<i>Rate of Growth</i>	14.71%	12.61%	6.35%	9.35%	8.67%

It is important to mention here that Twelfth Finance Commission have assumed a nominal growth rate of 11% in GSDP for Orissa (page 383 of the Report). The average annual growth of GSDP at constant prices (1993-94 prices) during 8th Plan (1992-93 to 1996-97) was 2.3% during 9th Plan (1997-98 to 2001-02) 5.2% and during 10th Plan (2002-03 to 2006-07) is estimated to be around 7.3%. The corresponding average annual growth rate of GSDP at current prices was 12.6% during 8th Plan, 9.9% during 9th Plan and is estimated to be around 11% during 10th Plan.

Planning Commission indicated that growth of GSDP at constant prices per annum on the average may be 8.5% and inflation rate of 5% for the 11th Plan. The per capita income of Orissa in 2004-05 at current prices is Rs.13601.00 against the All India average of Rs.23241.00, the gap being Rs.9640.00 (41%). At constant prices the per capital income of Orissa in 2004-05 is Rs.7176.00 against All India average of Rs.12416.00, the gap being Rs.5240.00 (42%). Since Orissa is lagging behind the national average of various indicators of development, particularly per capita income, Orissa has to catch up, hence, GSDP growth in constant prices has been assumed at 8% and 13% at current prices, inflation rate assumed being 5% per annum.

During the year 2006-07, the collection on this account was Rs.2588.12 crore including unusual one-time item of Rs.763.80crore towards debt write-off. Apart from these Non Plan grants under Twelfth Finance Commission, no other non-plan grants have been assumed during the period of projection in the MTFP.

**Grants from Centre (State Plan)** - The State Plan Grants from the Centre for the year 2008-09 have been taken as per the decisions taken in the Official level discussions with the Planning Commission for estimating the resources for the Annual Plan 2008-09 for Orissa. The loan and grant component have been taken separately and the loan component of the respective State Plan Schemes have been assumed to be raised from the Open Market Borrowing in each of the years, as recommended by the Twelfth Finance Commission. For the years 2009-10 & 2010-11, a moderate 10% growth in the said grants from the centre have been assumed. However, in case of ACA for externally aided projects, the same level has been assumed for the subsequent years of projection. Apart from the grants from the Centre, Rs. 850.00 crore of SAL from World Bank has been assumed for the year 2008-09. However, out of these World Bank SAL, Rs. 450 crore would be utilised towards debt swap each year to pre-pay high-cost loans from different sources. As it has been decided that such SAL loan/credit would be passed on to the States on back-to-back basis, the entire amount has been assumed as 100% loan in each of the years and not as 70% loan and 30% grant as was done earlier.

**Grants from Central Government (CP & CSP)** - C.P. and C.S.P. grants have been assumed by taking a 10% growth over the budget estimates for the year 2007-08 for the subsequent years. However, the expenditure on account of the C.P. and C.S.P. grant have also been assumed at the same level, thereby making the net effect on the revenue account nil.

### C. Assessment of sustainability relating to –

(i) **Revenue Deficit** - Revenue deficit for the year 2001-02 was (-) Rs. 2833.74 crore, which was reduced to (-) Rs. 1575.91 crore in 2002-03, (-) Rs. 1420.92 in the year 2003-04 and (-) Rs. 522.30 crore in 2004-05. In the year 2005-06, after a gap of 22 years, the state has been able to achieve Revenue Surplus of Rs.481.20 crore. Subsequently in 2006-07 also Revenue Surplus of Rs.2260.60crore was generated. According to the recommendations of the Twelfth Finance Commission, the revenue deficit was to be eliminated by the year ending 2008-09. Since the State has been able to eliminate the Revenue deficit much before the stipulated time frame, it is necessary for the State to maintain it and accordingly, it has been projected in the MTFP.

2005-06 (Actuals)	2006-07 (Actuals)	2007-08 (RE)	2008-09(BE)
(+)481.20	(+)2260.60	(+)1682.23	(+)563.87

(ii) **Fiscal Deficit** – Fiscal Deficit for the year 2003-04 was (-)Rs.3572.81 crore which was reduced to (-) Rs.1365.99 crore in 2004-05 and (-)Rs.276.47 crore in 2005-06. For the first time the State has been able to generate Fiscal Surplus to the tune of Rs.823.18crore in 2006-07. The high level of Revenue Surplus in 2006-07 was because of receipt of two doses of debt write off and higher growth of Revenue Receipts in comparison to Revenue Expenditure. This Revenue Surplus was so high that could not be absorbed by the Capital Outlay & Net Lending as result of which there was Fiscal Surplus. The net borrowing incurred was only because of the existing arrangement for compulsory borrowing. As percentage of GSDP the Fiscal Deficit has reduced from 5.85% in 2003-04 to 1.91% in 2004-05 & 0.35% in 2005-06 and the Surplus in 2006-07 is (+)0.90%. As per recommendations of the Twelfth Finance Commission, the Fiscal deficit was to be reduced to 3% of GSDP. Since the State has been able to achieve it, it is necessary for the State to maintain it and accordingly, it has been projected in the MTFP.

### (iii) Use of Capital Receipts for generating productive assets -

Ideally the capital receipts including the borrowings should be utilised to generate assets to ensure income for the State Government. However, the perpetual deficit in the revenue account of the State had compelled the State Government to divert the funds from capital accounts to meet the revenue deficit in the past years. In the early eighties, this diversion was negligible or there was no such diversion of capital receipts to meet the revenue deficit. However, this diversion reached an alarming level of 71.69% in the year 2001-02. This can be seen from the table given below.

There has been sincere efforts to reduce the revenue deficit of the State Government. From the level of as high as (-) Rs. 2833.74 crore in 2001-02, the Revenue Deficit has been eliminated in the year 2005-06 and there has been no diversion since 2005-06. The reduction in the level of diversion of funds from capital account to meet the revenue deficit creates a fiscal space for the State Government to invest in the developmental activities of the State Government.

#### • **BUDGET ESTIMATE 2008-09**

- The projection made in the Medium Term Fiscal Plan (MTFP) are indicative only basing on which the Budget estimates are to be prepared on year to year basis. The MTFP envisages rolling targets, which is dynamic in nature and is to be updated periodically keeping in view the changing circumstances and the latest available actuals. One of the stipulations of the 12<sup>th</sup> FC for enabling the State Government to claim debt write off is that the fiscal deficit should be contained to the level of 2004-05 and this calls for reduction in borrowing in the year 2005-06 onwards. Since, the state plan outlay for 2008-09 has been approved at Rs. 7100.00 crore, with 39.08% hike over 2007-08, there is need for higher collection from State's Own Tax and Non Tax Revenue in order to reduce the requirement of borrowing to finance the higher State Plan outlay.
- Accordingly the State's own tax for 2008-09 has been estimated at Rs. 7271.94 crore against Rs. 6321.88 crore as projected by the TFC. Similarly the estimate of State's Own Non Tax revenue for 2008-09 has been projected at Rs. 2135.32 crore in place of Rs. 1747.13 crore projected by the TFC.
- Further taking into account the latest trends in collection of central taxes, the share in central taxes for 2008-09 has been assumed at Rs. 8244.94 crore in place of Rs. 7129.82 crore projected by the TFC.
- On the same ground, the estimate of recovery of loans and advances has been kept at Rs. 246.80 crore for the year 2008-09.

FORM -III  
DISCLOSURE STATEMENT  
{ See Rule - 6 }

There has been no significant changes in the accounting standards, policies and practices during the financial year 2006-07.

**FORM - V**  
**STATEMENT OF DEFERRED LIABILITIES**  
{See Rule 8}

While presenting the Annual Budget for the current year, the State Government shall furnish statement showing the deferred liabilities on the following accounts:

- i) **State's matching share**  
State's matching share under Centrally Sponsored Plan schemes is being adequately provided. In fact it has gone up from the level of Rs.662.67crore in 2007-08(BE) to Rs.1128.21crore in 2008-09(BE). This will help us in leveraging higher Central funds.
- ii) **Bills presented in the treasury but not en-cashed: -**  
As on 31.03.2007 bills presented in the Treasury but not encashed is Nil.
- iii) **Central Assistance received but not utilized at the end of a particular financial year: -**  
As per the information supplied by various Administrative Departments, out of the Central Assistance received up to 31.03.2006, the U.C. pending as on 1.4.2006 was Rs.2571.29 crore and as on 1.4.2007 U.C. pending in respect of Central Assistance received up to 31.3.2007 is Rs.3100.40 crore. The Central Assistance received during 2007-08 is being utilized along with unutilized Central Assistance as on 1.4.2007. During 2007-08, UC furnished up to 30.11.2007 is for Rs.2572.19crore out of which arrear is Rs.2142.29 crore and current is Rs. 429.90 crore.
- (iv) **Un-disbursed amount lying in the Civil Deposits:**  
The closing balance lying in Civil Deposit mainly relate to Central and Centrally Sponsored Plan Scheme Funds released by Government of India towards the fag end of the financial year. In order to avoid lapse of Budgeted provision under these Schemes, the State Government resorted to Civil Deposit. In case of urgent necessity, provisions under Non Plan & State Plan were also transferred to Civil Deposit. By this, expenditure under the scheme could be taken up on the next financial year without making fresh Budget provision. The closing balance of Civil Deposit forms a part of deferred liability of the State Government.  
Since transfer of Budgeted funds to Civil Deposit distorts the total expenditure reflected in the accounts, Finance Department have issued several instruction in 2004-05, 2005-06, 2006-07 and 2007-08 prohibiting such transfer.  
The transfer of Budgeted funds to Civil Deposit is declining from the year 2002-03 as may be seen from the Table below:
