Sub: Guidelines for Payment of Dividend by the State Public Sector Undertakings.

2. In the meanwhile, Government of India have revisited the Guidelines for payment of dividend by Central Public Sector Enterprises in accordance with the observations of Fourteenth Finance Commission that “Operational decisions of a public sector enterprise should lie with the concerned entity, but final decisions relating to dividends and reserves should remain with the government, as the owners” and that “the dividends policy should cater to the requirements of the Government also, as it would in the case of any prudent investor / owner”. The Commission has further recognised the fact that “the Government’s interest in fiscal prudence should reconcile the broader public interest with that of the enterprise concerned”.

3. Therefore, in keeping with the latest Guidelines of Government of India on payment of dividend by Central Public Sector Enterprises, the State Government have decided that henceforth the following discipline for payment of dividend shall be followed uniformly by all the State Public Sector Undertakings:

i. A State PSU would pay an annual dividend of 30% of PAT or 30% of State Government equity, whichever is higher.
ii. Due account should be taken of cash and free reserves with the State PSU, and accordingly special dividend would need to be paid to the Government as return for its equity investments.

iii. State PSU with large cash/free reserves and sustainable profit may issue bonus shares.

4. The capital investment requirements of State PSUs may be kept in view but it needs to be specifically assessed whether those investment requirements can be fully or partly met out of borrowings to leverage the favourable debt-equity ratios in the State PSUs.

5. Public Enterprises Department and other Administrative Departments concerned should take stock of the financial results of the State PSUs under their administrative control and enforce the discipline laid down in Para-3 above for payment of dividend.
